**Subject:** Final Accounting for 2006  
**Attachments:** Final RRCA Accounting For 2006\_8\_08\_2007w\_oNFRblwHCL.xls; Final KS\_HCL\_Split\_RRCA Accounting For 2006\_8\_08\_2007.xls

Members of the Republican River Compact Engineering Committee, please find attached, two Microsoft workbooks with two different accountings.

1. Final KS\_HCL\_Split\_RRCA Accounting For 2006\_8\_08\_2007.xls is the accounting based on the Kansas Proposal of the Harlan County Split.
2. Final RRCA Accounting For 2006\_8\_08\_2007w\_oNFRblwHCL.xls is the accounting based on the Nebraska Proposal of the non-Federal evaporation below Harlan County.

These accountings are based upon the non-Federal evaporation reported by Nebraska. By memorandum, yesterday, I provided some questions regarding those values. The accountings are also use the groundwater model results based upon the new distribution of Nebraska groundwater irrigated acres. Additional discussion of the methodology applied to those acres may be needed. As a consequence, these accountings may be subject to some minor changes.
